

PEDRO NETO

I am an Information Systems undergraduate student starting a journey of learning in the field of science/data analysis. I'm curious and have been committed to developing and improving my knowledge of programming languages and data science, as well as management, economics, social sciences, statistics and everything related.

EDUCATION

- Current
|
2021
- **Information Systems undergraduate - current¹**
[Universidade Federal de Pernambuco](#) Recife, PE
 - Just started. I was interested in the course because it contains a lot of the management studies area together with a theoretical and practical tool for systems management using programming.

2020
|
2019

 - **Management undergraduate² - dropped**
[Universidade Federal do Vale do São Francisco](#) Petrolina, PE
 - It was during this course that I started to become interested in data management and also in learning tools that would provide a better investigation and resolution of the problems of the world and of organizations.

TEACHING AND VOLUNTEER EXPERIENCE

- 2021
|
2021
- **Teaching assistant in Programação 1 (SI) 2021.1**
[Centro de Informática UFPE](#) Recife, PE
 - Teaching assistant in Programming 1 for the Information Systems course at CIn UFPE, taught by Professor Roberto Souto Maior de Barros in semester 2021.1 (between September and December 2021).
 - The activities carried out for the Teaching assistant in Programação 1 (IF968) during semester 2021.1 at CIn UFPE, were very valuable as academic and personal experience. Both the preparation of the scripts and the presentations themselves with their examples and exercises, in addition to contact and exchange of experiences with everyone involved - students attending the course, colleagues who shared the responsibility of exercising the role of monitor, the head monitor and the responsible teacher - who showed seriousness and commitment to the progress of the course and therefore the construction of knowledge related to the topics covered in the discipline, were a unique opportunity for personal and technical growth.

LANGUAGE SKILLS

R	
Python	
SQL	
JS	

Made with the R package
[pagedown](#).

Last updated on 2022-01-03.

2021
|
2020

- **Volunteer Content creator and video editor at UNATI/UNIVASF YouTube³ and Instagram⁴ pages**
[Universidade Aberta à Terceira Idade](#)  Petrolina, PE

- I edited and worked on content and videos about mind healthy and exercises with some colleagues from psychology and physical education course members in the same project aimed at the elderly, only now during the covid-19 pandemic. I also worked on UNATI website.

2020
|
2019

- **Volunteer Speaker at UNATI/UNIVASF**
[Universidade Aberta à Terceira Idade](#)  Petrolina, PE

- I lectured on technology, social networks and applications for mobile devices aimed at the elderly in the extension project UNATI (Universidade Aberta à Terceira Idade) at UNIVASF (Federal University of Vale do São Francisco).
- I also gave lectures on digital security for seniors, providing guidance on important care in using the internet and social networks. I talked about useful smartphone apps like transport apps (public and private), podcasts, social media, photography. I gave tips on how to use the smartphone more easily and simply. In addition, I gave another talk about how the internet network works, how it was developed, where it comes from and how it reaches your devices.

COURSES DONE

2021
|
2021

- **Introduction to Data Science in Python⁶**
[Coursera](#)  Coursera
- An online non-credit course authorized by University of Michigan and offered through Coursera

2021
|
2021

- **SQL Fundamentals SKILL TRACK⁷**
[datacamp](#)  datacamp
- 5 complete courses totaling 21 hours of study on the SQL language and its most fundamental features.

2020
|
2020

- **Data Scientist with R Track⁸**
[datacamp](#)  datacamp
- 19 complete courses totaling 76 hours of study in an introduction to the career of Data Scientist using the R language.⁹

I intend to write more, during my studies, about Data Science on my personal page.⁵
