

PEDRO NETO

I am a beginner and lazy but I am trying to develop myself in programming languages and data science, as well as management, economy, social sciences and statistics.

EDUCATION

- Current
|
2021
- **B.S., Systems Information**
Universidade Federal de Pernambuco Recife, PE
 - Just started. I was interested in the course because it contains a lot of the Administration studies area together with a theoretical and practical tool for systems management using programming.
- 2020
|
2019
- **B.S., Management - dropped**
Universidade Federal do Vale do São Francisco Petrolina, PE
 - It was during this course that I started to become interested in data management and also in learning tools that would provide a better investigation and resolution of the problems of the world and of organizations in a more technical and methodical way.

WORKING EXPERIENCE

- Current
|
2021
- **Associate**
SirCrux.com Recife, PE
 - Assist in the management and bureaucracy of company processes.

TEACHING AND VOLUNTEER EXPERIENCE

- Current
|
2019
- **Content creator and video editor at UNATI/UNIVASF YouTube and Instagram pages**
Universidade Aberta à Terceira Idade Petrolina, PE
 - I edited and worked on content and videos about mind healthy and exercises with some colleagues from psychology and physical education course members in the same project aimed at the elderly, only now during the covid-19 pandemic. I also worked on UNATI website.

Speaker at UNATI/UNIVASF

Universidade Aberta à Terceira Idade

📍 Petrolina, PE

- I lectured on technology, social networks and applications for mobile devices aimed at the elderly in the extension project UNATI (Universidade Aberta à Terceira Idade) at UNIVASF (Federal University of Vale do São Francisco).
- I gave lectures on digital security for the elderly, giving instructions for important care in the use of the internet and social networks. I also talked about useful apps on the smartphone like transport apps (public and private), podcasts, social networks, photography. I gave tips on how to use your smartphone more easily and simply. In addition, I gave another lecture on how the internet network works, how it was developed, where it comes from and how it gets to your devices.

DATA SCIENCE COURSES DONE

2020
|
2020

Data Scientist with R Track

datacamp.com

📍 datacamp

- 19 complete courses totaling 76 hours of study in an introduction to the career of Data Scientist using the R language.
- Introduction to R
- Intermediate R
- Introduction to the Tidyverse
- Intermediate Importing Data in R
- Data Manipulation with dplyr
- Cleaning Data In R
- Joining Data with dplyr
- Working with Dates and Times in R
- Introduction to Data Visualization with ggplot2
- Introduction to Writing Functions in R
- Exploratory Data Analysis in R
- Intermediate Data Visualization with ggplot2
- Case Study: Exploratory Data Analysis in R
- Correlation and Regression in R
- Introduction to Importing Data in R
- Supervised Learning in R: Classification
- Supervised Learning in R: Regression
- Unsupervised Learning in R
- Cluster Analysis in R

I plan to write about Data Science on a kind of blog or personal page during my studies.
