# PEDRO NETO

I'm a beginner and a bit lazy but curious and committed, and I'm trying to develop myself in programming languages and data science, as well as management, economics, social sciences and statistics.

## 🎓 EDUCATION

**Current | 2021**

### Bachelor student in Systems Information[1]
Universidade Federal de Pernambuco

📍 Recife, PE

- Just started. I was interested in the course because it contains a lot of the Administration studies area together with a theoretical and practical tool for systems management using programming.

**2020 | 2019**

### Bachelor student in Management – dropped
Universidade Federal do Vale do São Francisco

📍 Petrolina, PE

- It was during this course that I started to become interested in data management and also in learning tools that would provide a better investigation and resolution of the problems of the world and of organizations in a more technical and methodical way.

## 🖥 TEACHING AND VOLUNTEER EXPERIENCE

**Current | 2019**

### Volunteer Content creator and video editor at UNATI/UNIVASF YouTube[2] and Instagram[3] pages
Universidade Aberta à Terceira Idade

📍 Petrolina, PE

- I edited and worked on content and videos about mind healthy and exercises with some colleagues from psychology and physical education course members in the same project aimed at the elderly, only now during the covid-19 pandemic. I also worked on UNATI website.

**2020 | 2019**

### Volunteer Speaker at UNATI/UNIVASF
Universidade Aberta à Terceira Idade

📍 Petrolina, PE

- I lectured on technology, social networks and applications for mobile devices aimed at the elderly in the extension project UNATI (Universidade Aberta à Terceira Idade) at UNIVASF (Federal University of Vale do São Francisco).
- I gave lectures on digital security for the elderly, giving instructions for important care in the use of the internet and social networks. I also talked about useful apps on the smartphone like transport apps (public and private), podcasts, social networks, photography. I gave tips on how to use your smartphone more easily and simply. In addition, I gave another lecture on how the internet network works, how it was developed, where it comes from and how it gets to your devices.

## 📈 DATA SCIENCE COURSES DONE

2021
|
2021

### Introduction to Data Science in Python[4]

Coursera                                                     📍 Coursera

· An online non-credit course authorized by University of Michigan and offered through Coursera

2020
|
2020

### Data Scientist with R Track[5]

datacamp                                                     📍 datacamp

· 19 complete courses totaling 76 hours of study in an introduction to the career of Data Scientist using the R language.[6]
· Introduction to R
· Intermediate R
· Introduction to the Tidyverse
· Intermediate Importing Data in R
· Data Manipulation with dplyr
· Cleaning Data In R
· Joining Data with dplyr
· Working with Dates and Times in R
· Introduction to Data Visualization with ggplot2
· Introduction to Writing Functions in R
· Exploratory Data Analysis in R
· Intermediate Data Visualization with ggplot2
· Case Study: Exploratory Data Analysis in R
· Correlation and Regression in R
· Introduction to Importing Data in R
· Supervised Learning in R: Classification
· Supervised Learning in R: Regression
· Unsupervised Learning in R
· Cluster Analysis in R
